

GREAT ALARM IS FELT AT CANTON

Fear That Rebels Plan to Capture and Loot the Town.

WAI CHOW IS TAKEN

Paoting Taken By the Allied Army After a Hard Battle.

WALDERSEE GOES TO PEKIN

Hong Kong, Oct. 13.—It is reported from Canton that the rebels have captured the city of Wai Chow, defeating the imperial troops sent against them. Sixty on both sides were killed. On Oct. 11 the rebels were attacking Tung Koon. If successful they expect to march on Tung Koon and thence to Canton. The rebels are alleged to be partisans of Kang Yu Wei, the Chinese reformer who is a refugee from China.

Canton is alarmed although the reform leaders profess no hostile intentions toward the foreigners.

Waldereese Goes to Peking.

Shanghai, Oct. 13.—General Waldereese has directed the transfer of headquarters to Peking because of the prevalence of dysentery at Tien Tsin.

THE ALLIES CAPTURE PAOTING FU

The Chinese Town is Taken Only After a Hard Battle.

Berlin, Oct. 13.—A Shanghai dispatch to the Lokal Anzeiger says: It is reported that Paoting fu has been occupied by some of the allies after heavy fighting. The dispatch also says the headquarters staff considers the revolutionary movement in Canton to be very serious. Two German warships and several English and French gunboats have been ordered to remain at Canton. At Canton a false alarm Oct. 7 caused the Chinese officials there to protest against any occupation of Chinese territory. The Yangtze viceroys, the dispatch adds, openly affirm that they will oppose any advance of the Germans into Shantung province. The German foreign office is not satisfied with the list of culpables supplied by the Chinese government. "The list is notoriously incomplete," said an influential official today, "as it omits at least a score of prominent persons who were active leaders in the massacres of foreigners. This is borne out by all the legations and by the consular reports from China. It is also borne out by Mr. Conger's statement."

Summed Plot to Seize Canton.

Hongkong, Oct. 13.—The reformer, Sun Yat Sen, according to dispatches from Canton, has unfurled the reform flag in the important town of Wei Chou, on East river. This act has given rise to considerable excitement in military circles in Canton, as it is believed that the object of the reformers in raising their flag in Wei Chou is to denude Canton of troops so that they can seize the city. Admiral Ho is pursuing the rebels in a northeasterly direction.

STRIKING MINERS IN SECRET SESSION

"Mother" Jones is in Scranton, and Seeks a Chance to Give the Diggers Some Advice.

Scranton, Pa., Oct. 13.—The miners' convention was called to order at nine o'clock this morning. The work is strictly private and nothing so far has been given out.

Mother Jones Will Talk.

Hazleton, Pa., Oct. 13.—"Mother" Jones left for Scranton this morning for the purpose of demanding a hearing before the miners' convention and demands that he radical element accede to reasonable terms. She says if a fight to death is invited the miners will be crushed by the troops and the organization smashed. If half a loaf is accepted in another year the miners will be in shape to make stronger demands. "Mother" Jones declares she will bring the convention to its senses because she can talk to delegates as even Mitchell cannot.

ANOTHER SEARCH FOR NORTH POLE

William Ziegler To Fit Out an Elaborate Expedition to the Arctic Regions.

New York, Oct. 13.—"I intend to plant the stars and stripes on the north pole if it costs me a million made today by William Ziegler in made tonight by William Ziegler in the parlor of his residence, 624 Fifth

avenue. "The pole can be reached," continued Mr. Ziegler, "and I am fully determined that so far as I am able to forward the enterprise with all the means at my command, the glory of reaching it shall rest with America."

Mr. Ziegler is many times a millionaire. He was formerly a resident of Brooklyn.

He expressed regret that publicity should be given to his plans at the present time. He frankly admitted, however, that he had preparations for an attempt to reach the north pole, and that the expedition would be an entirely American enterprise.

He said it was his intention to purchase and equip two ships, which will go north in company, with the understanding that one of them shall remain during the first winter in the highest attainable latitude, while its consort returns to load with fresh supplies and act, if necessary, as a relief ship.

The expedition will be under the command of Evelyn B. Baldwin of Illinois, who was a member of the Perry expedition in 1893-94. Mr. Baldwin was also a member of the Walter Wellman expedition which spent the winter of 1898-99 in Franz Josef land. He is the author of a book on arctic exploration.

THIRTY SELECTED FOR HALL OF FAME

Contest Over Places on the Roll of Honor Closed—Geo. Washington Alone Secures a Full Vote.

New York, Oct. 13.—Selection of names for perpetuation in the hall of fame was concluded today when the judges chosen by the New York University senate announced thirty names which had been selected out of the 252 originally submitted.

Though the standard of eligibility had been placed at fifty-one votes, only thirty of the nominees reached that standard, and their names alone may be inscribed on the tablets. Five other names secured enough votes to make them eligible provided they received the unanimous vote of the three judges yet to be heard from.

The Senate, acting under the rule of the Hall of Fame, will take action in 1902 to fill the vacant panels belonging to the present year, twenty in number.

WISCONSIN BEAT THE BELOIT TEAM

Result of the Match at Milwaukee This Afternoon Resulted in Favor of Cardinal.

Milwaukee, Oct. 13.—The State University football team beat the Beloit college team by a score of 12 to 0.

Milwaukee, Oct. 13.—Represented by their football teams the University of Wisconsin and Beloit college met on the gridirons at Milwaukee baseball park this afternoon in their annual game. Their contest was witnessed by at least 4,000 people, the Milwaukee and outside sale of seats indicating an exceptionally large attendance.

Line-Up for Today's Game.

The eleven lined up for the contest at 2:30 o'clock. Everts and Robert Wrenn were referee and umpire respectively, and the linesmen and timekeepers were selected from among the players of each institution who were not engaged in the game.

MANY SHIPS ASHORE ON ATLANTIC COAST

Halifax, Oct. 13.—Dispatches from North Sydney today say that between twenty and twenty-five vessels are ashore there. The wind is terrific and some of the ships are far up on the land.

Cape Colony's Census.

The prime minister of Cape Colony has notified that he will introduce a bill in parliament to authorize expenditure necessary for taking the census of the Colony in 1901. The Cape will thus come into line with the rest of the empire in the "counting of heads."

Most women make the mistake of wearing too many clothes and skirts, even in hot weather. Fresh air is as good for the skin as for the lungs, and we should clothe ourselves in such a way as to let this beneficent air circulate as much as possible over our bodies. Air baths are only less necessary for the body than water baths.

KENTUCKY GREETED GOV. ROOSEVELT

No Signs of Promised Disorder Shown In That State Today.

SAYS INDIANA IS SAFE

Bryan Drawing An Enormous Crowd At Every Stopping Point In Ohio.

WILL NOT ANSWER ROOSEVELT

Henderson, Ky., Oct. 13.—Thousands of people gave Roosevelt attention here this morning and no signs of the promised disorder were shown. In his speech he said that he advocated a square deal for every man and that he be allowed to have his vote counted as cast. "So do we" cried a voice.

Threats In Kentucky.

The chairman of the Kentucky republican committee received warning this morning that Governor Roosevelt would probably have trouble in his tour through Kentucky today. Politics has reached fever heat in that state and Governor Roosevelt's visit is looked upon as an intrusion by some of the inhabitants and that they propose to resist it. In view of this it has been deemed advisable to have the Kentucky committee take all the precautions possible to prevent irresponsible persons starting an outbreak.

The itinerary for today is: Henderson, Madisonville, Hopkinsville, Guthrie, Russellville, Bowling Green, Munfordsville, Elizabethtown, and Louisville tonight. Sunday will be spent in rest and the Kentucky itinerary will be resumed Monday morning.

Great Crowd at Evansville.

Evansville, Ind., Oct. 13.—Governor Roosevelt concluded his Indiana tour last night making two speeches in this city, speaking in both instances to large audiences. He was driven to Evans Hall where he made a reply to a speech delivered Thursday by William Jennings Bryan.

From the hall he went to the Grand opera house, where he addressed the second audience, constituting the eleventh which has heard him speak since he left Indianapolis this morning. The day was characterized by large crowds and much enthusiasm, in which respect Evansville was not lacking.

Won't Reply to Teddy.

Lancaster, Ohio, Oct. 13.—Lancaster furnished Bryan's best meeting in Ohio. Bryan denounced the state republicans charging that they drove Attorney General Monette out of office for daring to do his duty against the trust octopus. At Circleville where he began today's speech making, Bryan said Gov. Roosevelt's questions and answers make good campaign document, distributed without comment. "I shall not reply to them."

Bryan at Portsmouth.

Portsmouth, O., Oct. 13.—Mr. Bryan concluded the first day of his Ohio campaign in this city last night. The meeting was by far the largest of the day. The republicans also had a torch-light procession last night, with speeches in a public hall by Senator Spooner and W. D. Bynum. As a consequence the city was full of red fire and political enthusiasm.

Lo, the Poor Swede.

When a New York musical director went to rehearse his company he discovered that the piano was full of water. At first he thought some one had attempted to ruin the instrument out of revenge, and was just about to start an investigation when the Swede janitor happened along. "How yo' laik a-it, Maister Schandler?" "How do I like what?" he asked. "How yo' laik new piano?" Schindler thought he saw an opportunity of clearing the mystery. "Who has been fooling with that instrument?" he demanded severely. "Nobody has been foolin'," the Swede replied calmly; "piano was dairty an' Ai get brush and water and scrub strains and then turn on hose." The musical director secured a new piano, and when he started rehearsal he was interrupted by the Swede, who was exhorting himself whistling.—Kansas City Independent.

Railway Men Know Good Times.

The Railway Employees' and Telegraphers' Political league has announced that the organization will drop the nonpartisan feature and will support McKinley and Roosevelt. It is expected that the organization will reach a membership of 350,000 before election day.

Farmers' Gain and Loss.

Farmers lost \$4,233,000,000 in the value of their crops in the years 1893-97 under free trade, or more than enough to pay the national debt twice over. The gain in value from 1897 to 1899 under the McKinley tariff was \$6,355,000,000.

DECISION EFFECTS ALL STATE LINES

Milwaukee Street Car Case Decided by the Supreme Court.

COUNCIL IN THE RIGHT

Power to Extend Time Limit Despite Tax Payers' Protest Is Maintained.

NO WRONG DONE THE PUBLIC

Milwaukee, Oct. 13.—The ordinance passed by the common council granting an extension of the franchises of the street railway company in return for a reduction of fares to a 4-cent basis for certain hours of the day and a straight 4-cent fare in the course of a few years will stand. The last suit brought by the opponents of the ordinance to prevent the company accepting the ordinance was decided yesterday by the supreme court in favor of the company.

Most Important Decision.

The suit on which the decision was rendered brought out the two questions—the right of the council to grant such franchises and the right of the courts to enjoin city legislatures. The first of these questions the Supreme Court decided in the affirmative and the last in the negative. The decision is one of the most important that has been handed down for some time, on account of the vast property interests involved. It affects not only the Milwaukee company but the franchises of every street railway in the state.

All the Justices Concur.

The decision is lengthy and discusses the rights and privileges of street railway companies in a manner never gone into before. While the court leaves many points undecided, there is a strong intimation in those touched upon that the plaintiff's theories were wrong.

The decision proceeds solely upon the proposition as to whether the plaintiff was entitled to a preliminary injunction. Justice Winslow wrote the opinion, all of the judges concurring.

Ends the Street Railway Case.

The decision today ends the efforts made to prevent the passage of a long-time ordinance giving the street-car company the right to charge a 5-cent cash fare until 1930. The citizens who fought the passage of the ordinance and the lawyers who conducted the legal proceedings feel that it will be useless to proceed further in view of the general tone and findings of the state supreme court. The fight was a bitter one and attracted wide attention, and it was the opinion of many lawyers that the company would not be sustained in its contentions in its own and the common council's behalf.

Franchise Runs to 1935.

The company now has exclusive control of the street-railway traffic of this city until 1935, with a firmly fixed rate or fare for that period, no matter what may be the increase in earning capacity, the increase in the purchasing power of money or the general rate in other American cities. The fight in behalf of the company was to a large extent directed and managed by Henry C. Payne of the republican national committee, who is a vice-president and stockholder of the company.

RAILROADS START THE MILLS RUNNING

Big Corporations Send in Large Orders for Steel Rails—Work in Sight for Many Men.

Pittsburg, Pa., Oct. 13.—President Cassatt of the Pennsylvania railroad awarded contracts today for 750,000 tons of steel rails, for which the company will pay \$26 per ton, of a total of \$3,900,000 for the entire order.

The presidents of the big roads have been holding off in the hopes of obtaining a lower price. Now that the Pennsylvania has taken the lead it is expected that the other trunk line executives will place their contracts immediately.

At \$26 per ton the contracts made today aggregate \$3,900,000. It is estimated that the railways of the United States will need 1,750,000 tons of rails for next year's reconstructions and extensions. As there can be no change in the price owing to the pool among the railmakers, this vast tonnage will be placed at the same figure as that given to the Pennsylvania railroad—\$26.

Besides giving the steel manufacturers \$45,500,000, these orders mean steady work at good wages this winter for many thousands of men.

WOMEN SUFFRAGISTS MEET.

Convention of the State Association Being Held in Brodhead.

Brodhead, Wis., Oct. 13.—The Wisconsin Woman's Suffrage association opened its annual meeting here last evening with a large attendance and much interest. The delegates were welcomed on behalf of the city by Mayor Pleck, by representative members of the W. R. C., the W. C. T. U., the C. E. S., and for the Suffrage club by the Rev. G. G. Copland of the Presbyterian church. The response was by Mrs. Marie Frowler of Portage. The address of the evening was by the Rev. Allen Ball Loomis of Richland Center.

There will be three sessions today and the ladies will occupy the pulpits of the various churches on Sunday evening, with addresses by the Revs. Loomis, Perkins and Brown.

Walworth County Assemblymen.

Elkhorn, Wis., Oct. 13.—The republican convention for the first district nominated E. E. Dow of La-Grange, H. R. Charles of Whitewater by a vote of 57 to 29.

Lake Geneva, Wis., Oct. 13.—Capt. A. E. Smith of Delavan was nominated for the assembly by the Second District Republican convention.

GOV. PINGREE WINS BOTH HIS FIGHTS

Legislators In Special Session Adopt His Tax Plan and Repeal Special Railroad Charters.

Lansing, Mich., Oct. 13.—The special session of the legislature, which convened Wednesday, adjourned at 5 o'clock last evening after enacting into law two measures for which Gov. Pingree has striven for years. One is his plan for the taxation of corporate property. The other is the repeal of special charters for railroads.

The first measure is a joint resolution providing for the submission to popular amendment giving the legislature power to levy taxes on the property of corporations according to its value. It is a radical departure from the present method of assessing railroads and other corporations on their gross earnings. From the estimates made by the experts employed by Gov. Pingree the new plan, if adopted, will more than double the taxes of railroad property in this state.

QUEEN VICTORIA IS MUCH DISTRESSED

Illness of Her Eldest Daughter, Empress Frederick, Proving a Source of Serious Uneasiness.

London, Oct. 13.—The alarming news with regard to the condition of Empress Frederick is certain to have a serious effect on the health of the queen. Her majesty is still sorrowing for the loss of her second son, the Duke of Coburg, and grave consequences might arise should the illness of her eldest daughter have a fatal termination.

HONOR FOR DR. EATON

President of Beloit College to Deliver Annual Sermon Before American Board of Missions.

St. Louis, Mo., Oct. 13.—The ninety-first annual meeting of the American Board of Commissioners for Foreign Missions closed its three days' session here last night to meet the second week in October, 1901, in Hartford, Conn., President Edward D. Eaton, D. D., of Beloit college, was selected to preach the annual sermon.

Officers of the board with two exceptions were re-elected. Vice President Willis James of New York declined re-election and Henry Hopkins, D. D., of Kansas City was unanimously given his position.

Suspected the Preacher.

A Pennsylvania clergyman tells this story at his own expense, and laughs, with his hearers when he tells it: "A new arrival was expected in one of the families of my congregation," he says, "and Fay, a boy of 6, the only other child, had long expressed a desire for a little brother. His mother told him some time ago that if he would save all his spending money the doctor might bring him a little playmate. So Fay saved all his pennies and put them in a little bank. I was there the day the stranger arrived, and Fay had opened his bank, and was counting his money on the bed. He had counted it once before my arrival, and had a little over \$5. I suggested prayers, and knelt down by the bed. After I had gone I learned that Fay was 3 cents short in his accounts. 'I guess you counted it wrong the first time,' suggested his father. 'I guess I didn't,' retorted Fay. 'I bet that minister took it!'"—Kansas City Journal.

LA FOLLETTE WILL SPEAK HERE OCT. 25

He Will Start On a Special Train Next Monday Morning.

TOUR OF THE STATE

The Trip Will Last Until the Sunday Before the Day of Election.

ADDRESSES AT EVERY STOP

Milwaukee, Oct. 13.—The itinerary of the trip of which Robert La Follette will make on a special train throughout the state beginning next Monday and continuing until nearly the close of the campaign, was completed last evening by Chairman Bryant of the Republican state central committee and representatives of the railroads upon whose lines the gubernatorial candidate will travel; and although there still may be several minor changes, the plan of the journey can now be announced.

Starts Monday Morning.

Mr. La Follette, according to the present arrangement, will leave Madison Monday morning and arrive in Milwaukee in time to board his special train, which is scheduled to leave this city from the Union depot at 9 o'clock. The car provided is a special combination buffet and sleeping coach of the Wisconsin Central railroad, and in it Mr. and Mrs. La Follette and those who accompany him on the trip, will be provided with every convenience and comfort.

Chairman Bryant said last evening that Secretary of State Froeblich would in all probability accompany Mr. La Follette, while others will likewise join the party. John Strange of Oshkosh will probably be one of them. The only stop to be made outside of the state will be made in St. Paul, where in response to an urgent request from the National republican committee, Mr. La Follette will make an address Oct. 19.

Addresses at Every Stop.

The plan is to have Mr. La Follette make addresses wherever stops are made. If the train stops but a moment the address will be made from the car platform; while in case of longer stops he will probably be driven to a conveniently located hall.

FIVE BOYS BORN IN THE SAME HOUR

Remarkable Quintette Birth Reported in a Family Living in State of Minnesota.

La Crosse, Wis., Oct. 13.—An evening paper has the following special from St. Charles, Minn.: News of a remarkable birth yesterday at Marm's Home, a town near here, was brought to town today by a farmer. Five boys were born to Mrs. Henry Smith at the same hour, and from reports all have an excellent chance of living. The little strangers have a combined weight of thirty pounds. The Smith family is a remarkable one. There are sixteen children, and only one time has there occurred a single birth. There are two pairs of twins, two pairs of triplets and the quintet reported today.

Judge Sale is engaged today in the trial of Rosina Ward of Brodhead to determine her sanity. A jury composed of Philo Loudon, Louis A. Hemmings, W. H. Greenman, Harry Moser, John DeForest and R. J. Whitton are listening to the testimony. Edward H. Ryan appears for Mrs. Ward and J. J. Cunningham for the petitioners.

VARSITY STUDENTS ARE FOR M'KINLEY

MEMBERS OF THE DEBATING
CLUBS ARE REPUBLICANS.

Students Cheer Themselves Hoarse Over
a Prophecy That the Cardinals Will
Win At Milwaukee This Afternoon—
Recent Attack On the University
Creates Much Indignation.

Madison, Wis., Oct. 13.—[Special]—At the student mass meeting held at Madison last night 1500 university men shouted themselves hoarse when the prophecy of a Badger victory over Beloit at Milwaukee was made by coaches and players of the varsity team. Up to late last night little was said by the coaches in regard to the actual strength of the team and even now they refuse to venture a guess at the final score. It may be said, however, that Phil King has no fear the line city kickers will be able to cross the varsity goal line.

The "wise ones" about the training quarters have quite generally agreed that the final score will be about 18 points for the cardinal and none for the gold.

Upwards of 500 students and townspeople took advantage of the two dollar sale and accompanied the team to Milwaukee on the special train this morning.

Students For McKinley.

An evidence of the leaning of the student body toward republicanism in the present campaign is found in the fact that a large majority of the members of three debating societies on the "hill" are in favor of the reelection of President McKinley.

The society of Athenae, with a membership of fifty five young men, contains but fourteen democrats; Philomathia has only six Bryanites among a membership of sixty; the Hesperian society has about one-third of its fifty members in favor of the democratic position in the present campaign.

The members of these debating societies are the most aggressive, thoughtful and well-informed students in the university on political questions, and their position upon the present campaign issues is significant of the fact that the thinking young men of Wisconsin are not swayed from the faith of good judgment by the arguments of the enemies of the present administration.

Victor Marquiesse, who won many honors in oratory and debate in the Janesville High school, has joined the Athenae debating society.

Recent Attack On College.

Much indignation is felt in university circles over the attack made yesterday by Judge Eastman on the University of Wisconsin at the Presbyterian synod in Waukegan.

President Adams declared that in no other college were good influences stronger, and in few, if any, were the morals as high as here. "The Daily Cardinal," the students' publication, says among other things:

"The university is not the hotbed of corruption that its defamers claim it to be. There is as large or a larger proportion of church going, law abiding students in the University of Wisconsin than in any college in the land. There are two active Christian associations doing an ever-increasing work among the students, in addition to the numerous churches of the city, which, each and every one, has a large student membership."

COVENANT CLUB OF KING'S DAUGHTERS

The Covenant Club of King's Daughters of the Congregational church held their annual social last evening. A chafing dish luncheon was served at the church parsonage and about twenty four young girls took part in the festivities. The luncheon was served by Mrs. R. O. Denison assisted by Miss Ada Crosssett.

A brief business meeting was held immediately after the luncheon. The treasurer's report was read showing that about \$200 had been expended in relief work during the last year.

The Covenant Club is an organization of young girls who hold afternoon meetings at which they make garments for the poor. Miss Jennie Cleland is president of the club, Miss Irma Keller is secretary and Miss Alice Estes is treasurer.

Cyclers of Rock County Are Making
Preparations to Force Authorities
to Put Up Sign Posts

The cyclers of Rock county intend enforcing the law regarding guide boards. There are but few up in this county, and town officers may be fined as per section laws of Wisconsin.

The law provides that the chairman of each town shall cause to be erected at the intersection within his town of all main traveled roads with other established roads, suitable guide boards giving direction and distance from the point of such intersection to adjoining or important towns, and shall keep in repair all guide boards so erected, the expense of erection and repairs to be paid from the treasury of the town. And every such chairman who shall neglect to erect or repair any such guide board after ten days' notice in writing has been personally given him, stating that no such board has been erected or that it is out of repair, shall for each month that elapses after said ten days, and each instance of such neglect for such time, forfeit five dollars, one-half to the person making the complaint and the other half to the school fund.

GRAND RALLY OF GIDEONS SUNDAY

LOCAL ORDER WILL ENTERTAIN
VISITORS FROM ABROAD.

Large Delegations Expected From Chicago, Madison and Other Towns—
Splendid Music Instrumental and Vocal—Big Union Service At Congregational Church In Evening.

Local Gideons are looking forward to tomorrow with a great deal of pleasure and making extensive preparations for their grand rally to be held in this city on that day. A large number of out-of-town members are expected. The largest delegations will be from Madison and Chicago. The rally will open with a consecration service at the Baptist church Sunday morning at 9 o'clock, to which everyone is cordially invited. At three o'clock in the afternoon the Gideons will take charge of the men's meeting at the Y. M. C. A. building. There will be splendid music as both the Y. M. C. A. band and the male quartette will be present. The chief speaker will be A. Anthony of Springfield, Ill., and other prominent Gideons will take part.

One of the most interesting services of the day will be the quarterly meeting of the Christian Young People's Union of this city. This will also be a Gideon service and will be held at the Presbyterian church. Harry Williams of Chicago will be the leader and Mr. Anthony will be one of the speakers. Mr. and Mrs. Reed of Prescott, Wis., will be present at the rally and will sing.

The rally will conclude with a grand union service at the Congregational church in the evening. It will be a platform meeting and will be addressed by President S. E. Hill of Beloit, Vice Presidents R. L. Adams of Madison and L. Williams of Chicago, A. Anthony of Springfield, and others.

The Gideons are gaining in numbers every day and from a small starting has grown to a size that now commands respect among the great traveling public. The organization now extends from New York to Oregon and throughout the Southern States.

CARS BURN IN FREIGHT WRECK

Elgin, Joliet & Eastern Train Run Into
by an Erie.Chicago, Oct. 13.—A freight train of
sixty-five cars on the Elgin, Joliet &
Eastern railway was run into by a
freight train of the Erie railway at
112th street and Torrence avenue to-
day. Eight cars were thrown from the
track and destroyed by fire. The
wreck was due to a heavy fog.Engineer C. W. Patterson and Fire-
man Edward Steaker jumped from the
Erie locomotive. The engineer sus-
tained a sprained ankle.The Elgin, Joliet & Eastern train
was switching from a side track on
to the main line of the Chicago &
Western Indiana tracks. When about
half on the main track the Erie train
of thirty-three cars, going in the same
direction, south, struck it. Eight cars
were rolled down the embankment
and burned. The fire company was
unable to secure water except from
the locomotive. The Erie engine was
almost completely demolished.Roosevelt in Southern Indiana.

Strikers Will Not Work. Without
More Concessions.

CONVENTION IS IN SESSION.

That the Convention Will Reject the
Operators' Offer Seems Certain—Secret
Conferences Held—Decision May Be
Reached Today.Scranton, Pa., Oct. 13.—That the
miners now in convention here will
reject the operators' offer and vote to
continue the strike now seems certain.
The sentiment apparently is unani-
mous against accepting the proposi-
tion of the employers as it now stands
and greater concessions will be de-
manded. The delegates, almost to a
man, are opposed to a resumption of
work pending a full settlement. Un-
less the mine officials in New York
city decide to grant more than the
present offer of a 10 per cent increase
in wages, which the operators here
and the representatives of the big
companies declare impossible, a long
struggle is assured. A decision by the
convention is expected this afternoon.
Two secret conferences were held at
labor headquarters here, involving the
spreading of the anthracite strike to
the coal-carrying railways. A decision
may be reached at any time. The
men at the conferences were President
Mitchell and M. W. Gurnsey of Har-
rington, and railway trainmen's offi-
cials. What the result of the meet-
ing was Mr. Mitchell refused to dis-
close, but the labor men here are pre-
dicting that unless the West Virginia
operators cut off the supply of soft
coal coming into this region the car-
rying roads may be tied up by a
strike. The railway men are expected
to decide on a course of action. The
present is the greatest meeting of la-
bor delegates ever held in America,
and these men, 857 in number, are
to pass on the greatest strike ever de-
clared in this country. No business
of importance was transacted, al-
though the deliberations were held
behind closed doors. The practical re-
sult of the deliberations thus far is
that the miners will decide to have
nothing to do with the proffered ad-
vance unless it is based on gross ton-
nage earnings. They will demand the
abolition of the sliding scale as a
basis of payment. A decided inclina-
tion to demand recognition of their
union also was shown by the dele-
gates.

Committee May Visit Employers.

President Mitchell declared that
the opposition to the 10 per cent offer,
as it now stands, was unanimous. He
said also that the convention would
probably complete its work this
evening. It is the prevailing opinion
that the demands of the miners will
be left in the hands of a committee
for presentation to the operators. To
pass upon the employer's reply it
probably will be necessary to call an-
other convention.

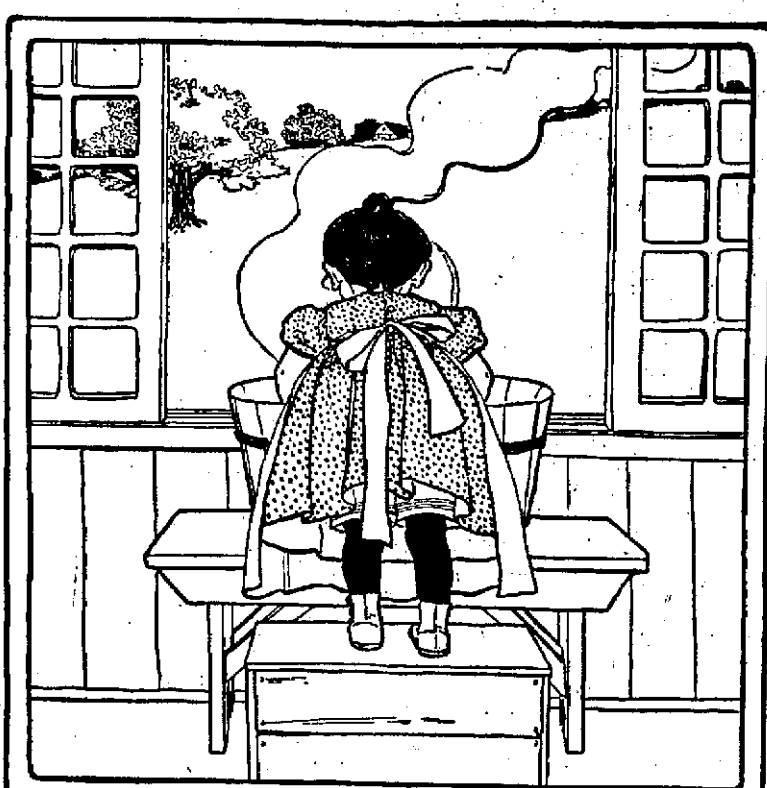

Expect Help from Illinois.

On the platform with President
Mitchell were nearly all the national
and local officials of the United Mine
Workers, including W. D. Ryan, of the
Illinois bituminous fields. Ryan is
counted on by many to offer the
strikers funds with which to carry
on their struggle, if they so desire.
He took no part in the day's proceed-
ings. The majority of the delegates
who spoke were first district men, and
it is reported they were unanimous in
opposing a resumption of work. To-
day the other districts are being heard
from, and then must be decided the
vital question of work or strike.

INCOME OF A KING.

The Kabaka of Uganda Has Smallest In-
come.Probably there is no monarch living
and, nominally at any rate, ruling a
large kingdom who has so small an in-
come as has the "kabuka," or king, of
Uganda, who receives an annual sum
of £650 from the British government.
Actually, of course, Uganda is a British
possession, and is administered entire-
ly by British officials, under the con-
trol of the foreign office, but in name,
at least, the kabuka is still the ruler of
the country. The king is only quite a
boy at present, and so soon as he at-
tains his majority, on the completion
of his eighteenth year, he will have his
allowance increased to £1,500 a year,
no mighty allowance on which to
maintain the dignity of a reigning
monarch. In addition to this annual
pension the king of Uganda has received
from the British government a grant
of 250 square miles of land as a
private "garden"—surely one of the
most extensive gardens to be found
anywhere in the world. This system of
granting land to the leading natives
has been very largely adopted by the
British in Uganda, and all the king's
family, together with the principal
chiefs of the various tribes, have re-
ceived tracts of country ranging from
15 to 50 square miles, for their own
particular use. In connection with this
annual allowance to the king of Ugan-
da it is interesting to note the fact
that at the present time the British
treasury is providing pensions for sev-
eral other dusky monarchs and their
relatives. Among these are the sultan
of Zanzibar, one or two rulers of minor
Indian native states, the ex-king of
Benin, and ex-King Premph of Ash-
anti, in addition to relatives of Ceta-
wayo of Zulu, the late law of Burmah
and the late lamented Lobengula of
Matabeleland.—Golden Penny Maga-
zine.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 10, 1896.

THE CHRISTIAN HOME.

Statistics show that 25,000,000 people in the United States are members of some church. That means that one-third of the population is nominally Christian, and the other two-thirds so thoroughly invested with Christian influences as to make the nation the highest type of a Christian nation.

It means a standard of morality in keeping with this influence, and it also means a liberal supply of Christian homes.

Statistics also show that church attendance is on the decline, and that, aside from the churches where the children at an early age are added to the membership by confirmation, the growth of the churches is far from satisfactory. Many reasons have been given and many theories advanced for these conditions. The lack of interest in church attendance has been charged to the pulpit, to the Sunday newspaper and to various other causes. The lack of growth to indifference, a desire for freedom of thought and opinion and an abhorrence of church creeds.

Is it not possible that the Christian home is responsible to a large degree for the lack of growth, as well as for the lack of interest in the church? The children come up in the home and go out into life, in very many instances with no thought and but very little regard for the church and invest themselves in a cloak of morality that says "I am as good as any church member," and if they are ever brought into the church it is by some superhuman effort that borders on the miraculous. There is a weakness in many Christian homes that is responsible for this indifference. Next to the home the church is the most sacred spot on earth, and is so regarded by all Christian people. And yet in many homes the church loses its sacredness by treatment worse than neglect. The pastor if not popular is the target for all sorts of criticism, the music if not artistic is a subject of ridicule, the membership is gone over with a fine toothed comb and generally criticised. The

mantle of charity is cast aside and the weakness of human nature in the church is the topic of frequent discussion.

The children breathe this tainted atmosphere and long before they are ready to leave the home they say "what use have we for the church?" They drop out of the Sunday schools and the church services, and the Sabbath becomes a holiday rather than the sacred holy day. These conditions are not imaginary, they exist to a painful extent, and unless remedied, will continue to result in harm to the church.

What is the church and what is its relation to the onward march of civilization. It is not only the corner stone but the whole foundation. Deprived of it the nation would go back a thousand years at a single stride. It makes possible the Christian home and brings to humanity the beneficence of Christianity. All of morality that the nation or individual enjoys it owes to the church of the living God.

The home and the church should go hand in hand and the more completely they do so the better will it be for both.

Colonel Bryan should take a day off and call off his hoodlums. Governor Roosevelt has been insulted by a mob in three different states. The participants were neither republicans or democrats, but plain socialistic, populist, Bryanistic shouters. The man from Nebraska should be proud of that kind of a following.

Ex-President Harrison's silence during the campaign has been construed by some as indifference. In a recent interview in New York Mr. Harrison is very emphatic as to the importance of electing the republican ticket and suggests some of the dangers that would result if Mr. Bryan was elected.

The endless chain system adopted by the National democratic committee is a novelty in politics to say the least. When school children are asked to give ten cents to help elect "this peerless man," it looks like the last expiring breath.

Mr. Bryan has so many paramount issues that it is difficult to determine where he is. The latest is South Africa and the lack of interest on the part of the administration is the Boer war.

Hon. John G. Carlisle, speaker of the house during Cleveland's administration, has been elected president of a sound money club and is out for McKinley and the republican party.

President McKinley is making no speeches during the campaign and says he is willing that Bryan should do all the talking. What would the campaign be without a Bryan?

Mr. La Follette is being greeted with packed houses and enthusiastic audiences wherever he appears. He is a good campaigner and is doing excellent work for the party.

The school children trust is the latest, and is purely democratic. The capital required is ten cents, the dividends will be large if the "peerless man" is elected.

Mr. Bohmrich impresses an audience with his honesty and sincerity, if he had an issue that was debatable he would exhibit good ability on the platform.

Larger Port-Holes.

Referring to the recent disaster in New York harbor, Lord Archibald Campbell writes to the editor of a Glasgow paper, asking why the law does not compel ship-owners to have large enough to allow a person to escape in cases of fire as when the doors are blocked.

A TRYING POSITION

Janesville Readers Will Appreciate This Advice.

A constant itching, tries your patience. Nothing so annoying. Nothing so irritating as itching piles or eczema. To scratch the irritation makes it worse, to leave it alone means misery. Some citizens can tell you how to be free from these troubles. Read the following:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itching and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

TORCH-LIGHT PARADE FOR LA FOLLETTE

ROUSING RECEPTION WHEN HE
SPEAKS HERE ON OCT. 25.

Republican Club Making Extensive
Arrangements to Greet the Future
Governor of Wisconsin—Gov. Shaw
Oct. 17—Figures On the Registra-
tion—Hanna At Madison.

Gen. George G. Bryant, chairman of the State Central committee, notified the republican club of this city this morning by telegram that Robert M. La Follette would speak in this city, Thursday, October 25. He will reach here at 5:30 o'clock p. m. A monster torch-light procession, etc., with bands will take place previous to Mr. La-Follette's speech at the Myers Grand Opera House. The republican club are making extensive preparations for this, the greatest event in the political history of Janesville. It is expected that people from about the county and in fact from all about his immediate vicinity will be here.

Leslie M. Shaw October 17:
Leslie M. Shaw, governor of the state of Iowa, is one of the most pleasant speakers on the stump, for the republican party. He will speak at the Myers Grand Opera House Wednesday, October 17, and anyone that misses hearing him will miss a rare treat. He is thoroughly posted on the subject he handles and has an enjoyable way of getting it before the people. He should be given a rousing reception Wednesday night.

This will be no ordinary speech, but one that will be enjoyed and studied and the republicans of Janesville should see that he has an audience worthy of him. The present campaign has been rather quiet, but a large amount of work is being done in a quiet way and does not appear on the surface. The last two days registration shows that very few if any of the old voters intend to take any chances on losing their vote because of not being registered.

Registration in Wards.
While the growth of Janesville has not been as rapid as that of some cities, the registration of the last two days shows a healthy increase and no doubt the number registered will be materially increased on October 30. The registration in the different wards is as follows:

1st precinct, 1st ward.....	228
2nd precinct, 1st ward.....	423
1st precinct, 2nd ward.....	186
2nd precinct, 2nd ward.....	368
1st precinct, 3rd ward.....	423
2nd precinct, 3rd ward.....	457
1st precinct, 4th ward.....	391
2nd precinct, 4th ward.....	554
5th ward.....	494

Total.....3,505
The total vote cast in 1898 was 3,214, showing an increase of 291 voters already registered more than voted in 1898. There is quite a number of voters that have not registered that will on October 30, which will increase the number considerably.

To See Hanna at Madison.

Don't forget to make arrangements to attend the mass meeting at Madison Monday night. The special train will leave at 6:45 and accommodations have been secured at Madison so the delegation can have a good place to hear the speaking. The Imperial band will accompany the crowd and help to swell the enthusiasm of the multitude that will be gathered in Madison. The fare, one dollar, for the round trip, is certainly within the reach of all voters.

Alex. E. Matheson and T. D. Woolsey will speak at Newark postoffice in township of Newark, on Thursday, October 18.

Hon. C. E. Buell will speak in Franklin hall, Johnston Center, tonight. He spoke at Indian Ford last night to a large audience.

THE Y. M. C. A. BAND SACRED CONCERT

Tomorrow afternoon at 3 o'clock the Y. M. C. A. band will give the first of a series of concerts to be given during the winter in connection with the men's meeting. The following program has been arranged, to which all men are cordially invited:

1. March, "The New Annapolis".....Taylor
2. Sanctus.....Tschakowsky
3. Serenade for Lucie.....Donizetti

FORM NEW MISSION CIRCLE

Result of a Talk Given At Presbyterian Church Last Night.

As the result of a talk given by Miss Elizabeth Campbell, a student volunteer from Northwestern University at the Presbyterian church yesterday afternoon, a mission circle was formed by the young girls of the church. The circle will meet afterwards and will work and read missionary stories.

Miss Campbell is a pleasant speaker. Her talk yesterday afternoon entertained her audience and made for her many friends. She is thoroughly in love with her work and has a happy way of presenting her features to the public.

Twilight Club Meeting.
At the meeting of the Twilight club to be held Monday evening next. President Eaton of Beloit college will be one of the speakers. Among other things he will speak on the attitude of the United States toward China.

Mrs. G. W. Dunbar and her sister, Miss Ruger will give a five o'clock tea this afternoon at the home of the former on Cornelia street.

Rev. A. H. Barrington one of the Clerical Deputies to the General Convention to be held in San Francisco in 1901 and Mr. J. L. Bostwick one of the lay members of supplementary deputies. The Committee on Endowment reported \$15,300 of endowment insurance received and the Council unanimously adopted a resolution heartily approving of the plan.

MICHAEL HOLLORAN BUYS PROPERTY

Purchased the Former Michael Murphy
Homestead This Afternoon For
\$1,325.

Michael Holloran, who resides at No. 9 North Fifth street, this afternoon purchased the former Michael Murphy home on North Hickory street. The property was sold at auction, the price paid being \$1,325.

The sale included a sixteen lot with the home, nine of the lots being located on Hickory street. The property at \$1,325 is considered a bargain, the house alone having cost twice this sum. W. T. Dooley acted as auctioneer.

D. W. Watt acted as agent for the property, the same being sold to satisfy claims held by several local business men who acted as Mr. Murphy's bondsmen at the time he was city treasurer.

TROUBLE WITH BURGLARS.

Employees of a Restaurant Have Had
Clothing Stolen.

The employees of Shattuck's Northwestern restaurant seem to be very unfortunate in having their clothing stolen from their rooms adjoining the restaurant. About two weeks ago some one entered rooms and succeeded in getting away with a number of articles of clothing and Thursday evening between nine and ten o'clock some one entered the room occupied by Harry Donahoe and carried off his overcoat.

Mr. Donahoe had the coat hanging in the restaurant, but fearing that someone might carry it away took it up stairs in an adjoining building to his room. The evening his coat was taken his friend who rooms with him was in the room and heard a noise at the door and went to see what was wanted.

A tall man stood at the door and when asked what he wanted said he was looking for Jim, the man that kept the saloon, and asked if he lived there. The man told him no and said he had made a mistake in the place. It was a short time after this that the coat was taken. Mr. Donahoe said he was not certain whether the door was locked or not.

Chief Hogan thinks it is the work of some local crook who is acquainted with the premises.

ABOUT 50 GO TO MILWAUKEE.

Not a Large Attendance from Here to
Football Game.

The excursion from Beloit to Milwaukee over the C. & N. W. R. R. to carry people to the Madison-Beloit football game was not as largely patronized by the people of Janesville, as was expected, only about fifty taking advantage of the low rate. The train arrived in the city at 8:30 o'clock from Beloit and consisted of seven coaches. About three hundred rooters and friends of the Beloit team were on board. They were loud in their claims of the prowess of their team and expected to make a good showing against Madison. College yells and college colors were very much in evidence and if noise will encourage a team to win, Beloit ought to get first place.

Novelty in Farm Engines.

A novelty in the way of a farm engine was unloaded at the St. Paul depot this morning. It is a 12 horse power gasoline engine and is intended for running a corn-shredder or other farm machinery. It is an odd looking engine and the first one to be put in use in this part of the country. The motive power is obtained by an electric spark. These engines are considered much safer than the ordinary traction engine there being very little or danger of explosion and no flying sparks to set the buildings adjacent to where it is used on fire.

FUNERAL OF MRS. VALENTINE

The Remains Laid to Rest at Oak Hill
This Afternoon.

All that was mortal of the late Mrs. A. M. Valentine, was tenderly laid to rest in Oak Hill cemetery this afternoon. The funeral services were from the family residence, 164 North Jackson street, at 3 o'clock, and were largely attended by relatives and friends of the family. The beautiful funeral service of the Congregational church was conducted by Rev. Robert C. Denison. The floral offerings were many and beautiful. Joseph P. Baker, A. P. Burnham, Robert Bostwick, John F. Sweeney, Alexander E. Matheson and Edwin Fifield acted as pall bearers.

Michael Finley's Funeral

The funeral of Michael Finley, infant son of Mr. and Mrs. Michael Finley, of the town of Rock, was held from St. Patrick's church this morning at 10:30 o'clock. The interment was at Mount Mount Olivet cemetery.

It will be perceived that Governor Roosevelt is not going about the country apologizing for his views of Democratic encouragement for the Tagals.

Hard Pushed.
Bryan has quit quoting Jefferson and Jackson, has about given up Lincoln and Grant and has taken to Scripture to defend his position as the republic savior.

In the Usual Way.
As usual, the Democracy enters the campaign mightily long on precept and dreadfully short on example.

Mr. Bryan will hardly be so reckless as to paramount one of his nominations.

Charles Bentley, one of Edgerton's enterprising tobacco men is in the city on business.

Mr. and Mrs. J. A. Cunningham left today for Delavan to spend Sunday with Rev. and Mrs. S. P. Wilder.

Miss Susie Lowell is the guest of her parents over Sunday. Miss Lowell is assistant in the Waupun high schools. Mrs. F. B. Jones and Miss Annie Karidan arrived home last evening after an extended visit of ten weeks in the east.

Frank McNamara left for Hayward, Wis., last evening to look over the northern field with an idea of opening a law office.

Alva P. Russell returned home this morning from a trip to the northern part of the state. He was called home by the serious illness of his mother.

W. J. Finley of the town of Rock has taken a pleasure trip west. He has visited Denver and Cripple Creek and is now at Seattle. He expects to be gone about a month.

Edward J. Timmons of the class of '98 of the Janesville high school entered the Art Institute at Chicago on Oct. 1st.

M. S. Flaherty of Chicago, an old Rock county boy, is the guest of his brother James Flaherty. Mr. Flaherty is a lawyer, and has been in active practice in Chicago for a number of years.

F. S. Baines and wife returned home last evening from an extended trip to England and the continent. Mr. Baines looks as if the trip agreed with him. He had a splendid time, but says there is no place like home.

Prof. D. S. Mayne is in Chicago and speaks today before teachers of the business departments of the high schools of Chicago. The invitation was extended to Prof. Mayne through the Chicago authorities and is quite an honor.

DIFFICULT RHYMING.

The Starling (Ill) Standard's Post Per-
forms a Feat.

A few years ago a Detroit newspaper offered a prize of \$500 to the person who would send in the best rhyme for the word chrysanthemum, the annual show of the flower of that name being in progress at the time. Bishop Jenner, formerly pastor to Queen Victoria, who had adopted Detroit as his home, composed a couplet in which the flower with the jaw-breaking name rhymed with "lean-themum," and made claim for the prize, asserting that although his newly coined word was not within the covers of bound dictionaries, it was entitled to a place in the lore of imagination under rules of poetic license.

He did not expect or receive any prize money, getting his pay in a much enjoyed argument with the managing editor, a personal acquaintance.

Not to be outdone, another Detroit paper at International Exposition time offered \$1,000 the next fall to the person sending in the best rhyme for "Michigan." The verselets were not satisfactory to the joint committee appointed to pass upon the merits of the competitive poetry, and the offer was withdrawn. Now, after the lapse of about fifteen years, a modest and unassuming poet has published in the Daily Standard of Sterling, Ill., a verse, which if included in the Detroit competition would have taken the prize. It is as follows:

I once knew a girl from Michigan
To meet her I never should wish again
She'd eat of ice cream
Till with pain she would scream,
And she'd order another bigMichigan.
The writer of the above lines did not know the price that this little composition would have paid him, but it is not too late for him to enter future rhyming contests.

The editor of a big daily in Glasgow, a few years ago offered a ten-pound note to any one who would contribute a rhyme to his paper for the word "porringer." The money was won by a grizzled Scot of Dundee, who wrote:

King William first a daughter had,
He gave the Prince of Orange her;
Which makes a rhyme extremely bad
For your confounded porringer.

ANNUAL BANQUET ON TUESDAY NIGHT

One of the Events in the Local Church
Year—Toasts Will Be Given
and Answered.

The annual banquet of the Congregational church will be held at the church parlors Tuesday evening. This is one of the events of the church year and is usually largely attended. It is expected that at least two hundred will sit down at the tables on this occasion. Toasts will be given and answered by members of the society.

Rev. J. T. Henderson, will be present and will address those assembled at this time.

The society is in better condition this year than it has been for a long time, and it is hoped that all members will take advantage of this banquet and be present.

OLD FAVORITES.

Desire for Novelty Affects the Sale of
Books.

Who reads today the "popular novel" of last season, of the year before? That is one of the questions the recently formed American Publishers' association set out to have answered. The investigation showed that this year's popular novels sold as follows: "David Harum," 500,000 copies up to the time the investigation was made; "Richard Carvel," 438,000 copies; "To Have and to Hold," 200,000; "Janice Meredith," 250,000; "Red Rock," 84,000, and so on.

But "Tribby," and "The Gadfly," and "Helen's Babies" and all the other old favorites, what of them? Thousands and tens of thousands had bought them, read them, lent them, bought other copies for friends and acquaintances when they were in vogue—why don't they sell now? Other "children of a larger growth" were arriving at an age when familiarity with such great "sellers" as these former "popular novels" must be claimed in order to pass as tolerably "well read," and yet the old favorites seemed completely forgotten, says the New York Herald. One explanation vouchsafed was that the department stores were all the time crowding the regular booksellers to the wall, and that the department stores seizing a book of ephemeral popularity pushed it so vigorously at a price far below the publishers' or regular bookman's list price that all standard works and past favorites were ruthlessly banished from sight and hearing. Ask for "Tribby," and the bargain counter jumper says, "Haven't got it, but here's 'To Have and to Hold,' just as good and brand new, too." Occasionally a publisher gets out a new set of plates, and has an edition of a once favorite novel run off, and then tries to boom it, but unless it is an edition of Kipling or Corelli or Conan Doyle little is heard of it. "There's always a demand for 'Lucile' and a few other tales of love or adventure or both," said the bookseller the other day, "but it's hard to find anybody today who recalls the book that created a furor a few seasons ago. Perhaps it's a good thing for the writers, too," he added, with a smile.

ANOTHER ARREST TO FOLLOW

Out-of-Town Sleuth in the Insurance Plot.

MRS. UNGER EXAMINES TRUNK

Brown Talks at the County Jail, and Says He Expects to Be Set Free—Says There is No Doubt About the Death of the Girl.

Chicago, Oct. 13.—Another arrest, that of an out-of-town operative of the Mooney & Boland detective agency, is now believed to be under consideration in connection with the Marie Defenbach life-insurance conspiracy and the supposed tragedy involving her death Aug. 27 at Mr. Monahan's boarding house, 310 LaSalle avenue. His name has not yet been announced. In fact, denials are made that any such arrest is contemplated, but that is believed by many to be the policy of those interested in suppressing the course of action pending a solution of the various phases of the case. The information that F. Wayland Brown, late assistant manager of the Chicago department of the Mooney & Boland service, and Frank H. Smiley, an operative of the same agency, were not its only employees associated with Dr. Unger in the conspiracy comes from a reliable source.

Doctor's Wife Examines the Trunk
According to the police, whose tardiness served the doctor the possible embarrassment which a search of the trunk might have caused, Mrs. Unger personally conducted the examination of Marie Defenbach's trunk, while it was yet in her husband's office. She was at the jail Wednesday and had a long interview with her husband, who had turned over to her \$480 found upon him at the time of his arrest.

Brown Expects His Freedom.
"Now the prosecution in this case must, under the law, establish two points at the preliminary hearing," said Brown today, in discussing the evidence. "The first question to be proved is that a crime, as charged, has really been committed. That is as close to the point as I can put it. The second subject to be proved is that the defendant—and I am speaking for myself—must be shown to be connected with the offense charged. Should the allegations be thus reasonably established, the grand jury will act, and if a true bill be found prosecution of the case will follow.

"I want to say that if the persons who have placed me in jail on this charge are fair I will walk out of here a free man. Indeed, if they are fair I will walk out of here Oct. 18, when the preliminary hearing before Judge Gibbons is finished.

"Sift the evidence, so-called, against me and what do you find? Nothing. I have been connected in this case with persons I know absolutely nothing about. As I have said before there is nothing in the case as far as I am concerned that I am willing should not have the full light of day turned upon it. I admit that there is a tinge of suspicion, but I am not responsible for it. Smiley, too, is all right in this case. I do not speak for Dr. Unger."

"How about the rumors that Miss Defenbach may not be dead?"

"She is dead—no doubt about it," Brown answered. "A number of persons identified her body and a doctor was with her when she died."

Ladrones Kill a Spanish Family.
Manila, Oct. 13.—An entire Spanish family, father, mother, six sons and six daughters, have been murdered by a band of Ladrones, twenty miles from Masabale. Information from Lieutenant Alstater's party has been received from San Miguel. Two of the party were given their liberty on parole. They report the lieutenant and other prisoners are well taken care of. It is said Deserter Fagan of the Twenty-fourth Infantry planned the ambush.

Black Eye Worth \$17.
New York, Oct. 13.—Judge Smith of the Hoboken District court has fixed the judicial value of a black eye. Henry Dohrman was part owner of the tugboat Stagg, with John E. Vanpelt. They had a dispute and Vanpelt kicked Dohrman in the eye. The latter brought suit, securing damages amounting to \$17.

Stops Praying Only to Shoot.

New Orleans, La., Oct. 13.—A young man named Simpson announced his determination to break up the holiness meeting being conducted by Parson Howell in the woods near Many, this state. Howell heard of Simpson's intention and held services with a muzzle-loading shotgun on his shoulder, explaining to his flock that he had come prepared to protect them. Simpson bore down on the assemblage during prayer and announced his presence with a whoop. Howell stopped in the middle of a sentence, raised his gun, pulled the trigger and then continued his prayer. After the "Amen" the congregation picked up Simpson and found that both his legs had been peppered with squirrel shot.

Rockefellers Part Company.

Cleveland, O., Oct. 13.—To-day Frank Rockefeller removed his office from his brother's Standard Oil building in Euclid avenue, where he has had his office for many years, to the Garfield building. Within the year Frank has withdrawn from the First Baptist church, of which John D. is Sunday school superintendent. Meanwhile he has resigned from the official and directory positions he formerly held in the Standard Oil group of companies, and to-day there is absolutely no relation between the brothers but their hatred and the blood relationship that cannot be severed.

Has Rained 108 Hours.

St. John, N. B., Oct. 13.—The province of New Brunswick has received a fearful drenching from a rainstorm, which has lasted for 108 hours, and which in amount equals ten inches. Not a train is moving on the Canadian Pacific railway between St. John and Vancouver, or on the branch lines of the road to St. Andrews, St. Stephen, Fredericton or Woodstock. The tie-up is due to washouts.

Conditions are the worst in the Canadian Pacific road's history and thousands of dollars are represented in the damage already done and in the loss of traffic.

Daring Escape from Jail.

Minneapolis, Minn., Oct. 13.—L. W. Stabile, an alleged forger, who was confined in the jail here July 29, made a daring and successful escape late last night, securing a start of several hours before his absence was discovered. The jail is on the fifth floor of the new courthouse.

Stabile saved a bar from a window, made a rope of various articles, and swung himself down to the fourth floor, which was vacant, and deliberately walked out to freedom. A slip in his descent would have hurled him eighty feet to the ground.

Snow Along the Rio Grande.

Austin, Tex., Oct. 13.—There was a heavy fall of snow along the Rio Grande river border about 300 miles southwest of here. The weather in that section is remarkably cold for this season of the year and the snow remained on the ground for some time.

Frank James Leads a Parade.

Oak Grove, Mo., Oct. 13.—The survivors of Quantrell's guerrillas held a reunion in which forty-three old men took part. Frank James led the parade, all the veterans being mounted. James took second prize for horsemanship.

Moses F. Chase Disappears.

Paris, Oct. 13.—Moses Fowler Chase, the young millionaire of Lafayette, Ind., has disappeared from a private insane asylum near Paris.

Science of Housekeeping.
Atlanta University has provided a model house for instruction in the science of housekeeping. It has bedrooms for eighteen students, with kitchen, dining, reception and sewing-rooms. The students will carry on the work of the house under good teachers and needlework, laundry work and nursing will be included in the curriculum.

Bryan's Tour Through Buckeye.

Portsmouth, O., Oct. 13.—From Toledo on Lake Erie to Portsmouth on the Ohio river, Mr. Bryan traversed the entire length of Ohio almost as the crow flies. He made his first speech for the day to several hundred working men in the Toledo yards at 6:30 a. m. The day was cloudy and several showers fell.

Lottery Wins at Poker.

New York, Oct. 13.—A special cable dispatch to the World from Paris says Joe Leiter of Chicago and Pat Sheedy of New York concluded a poker game which will ever remain historic. It was an all-night session. Mr. Leiter is \$25,000 to the good; Mr. Sheedy is out just that sum.

Elections Are Nearly Over.

London, Oct. 13.—The results of the elections, give the Unionists an additional four gains and the Liberals three, their respective totals of gains being 34 and 32. The total number of members of parliament elected is 625, as follows: Ministerialists, 383; opposition, 242.

To Improve Metz Forts.

Brussels, Oct. 13.—Germany has decided to improve the fortifications of Metz by using iron braces covered with concrete, such as Gen. Brialmont recommended for the fortifications of the Meuse.

Car Builders on Strike.

Huntington, W. Va., Oct. 13.—All the car builders at the American Car and Foundry company in this city went out on a strike this morning. They demand \$1 more on a car.

More Yellow Fever in Havana.

Havana, Oct. 13.—Eighty-two cases of fever and thirty suspected cases are reported. Among the suspects is Captain Matt R. Peterson, chief commissary of Cuba.

Anarchists Taken by Brussels Police.

Brussels, Oct. 13.—The police arrested two anarchists, who are alleged to have been the ring-leaders in a plot against the Belgian royal family.

Dizziness

Is a very common consequence of indigestion and torpid liver. Sometimes there are spots before the eyes and hot flashes. At other times a sensation as of vertigo occurs, at once suffocating and blinding. It is a waste of time to attempt to cure the condition by ordinary means or medicines. The stomach and organs of digestion and nutrition must be restored to healthy activity, the blood must be purified, the liver cleansed and strengthened, before a cure can be hoped for. This is the work done by Dr. Pierce's Golden Medical Discovery, a medicine specially beneficial in diseases of the stomach, blood and liver. It strengthens the stomach, purifies the blood, cleanses the clogged liver, and promotes the health of every organ of the body.

"My wife was greatly troubled with indigestion, torpid liver, dizziness, and also irregular periods," writes Mr. W. A. Treason, of Shumaker, N. Y. "We tried many different remedies, but none of them gave perfect relief until we were induced by a lady to try your 'Golden Medical Discovery.' 'Favorite Prescription,' and 'Pleasant Pellets.' These medicines did more good than anything we ever tried for those complaints. We have used four bottles of your 'Golden Medical Discovery,' one of 'Favorite Prescription,' and two vials of your 'Pellets.' These medicines have done the work we desired, and I do heartily recommend them to all similar sufferers."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

The original paintings valued at \$5,000.

DESERTED WIFE'S SUICIDE.

Ellis Herself Because She Believes Her Husband Self-Slain.

Chicago, Oct. 13.—Attired in expensive mourning apparel which she had purchased for the occasion, Mrs. Sophia Hardy, a beautiful young French woman, committed suicide by shooting herself through the heart at her home, 1220 Wabash avenue, this city. Her husband, Philip Hardy, is thought to have killed himself also in New York. Lying a short distance away was found a dueling revolver of ancient pattern, handsomely engraved and plated with silver, with one chamber empty.

Several letters written in a delicate feminine hand in French gave the police the story of her desertion by her husband and the motive that actuated the deed. Mrs. Hardy was the wife of Philip Hardy, a former London business man, who met the beautiful girl in New York two years ago, when she was Miss Sophia Demange, and after a short courtship married her. According to one of the letters, addressed to the dead woman's mother, Mme. Felice Demange, the young couple lived happily together until last Wednesday, when their first quarrel occurred. Leaving the house in anger, the husband boarded the first train for New York and later dispatched a telegram to his wife announcing his intention of committing suicide.

No Wolf at Their Door.

New York, Oct. 13.—H. H. Rogers, Jr., only son of the Standard Oil magnate and heir to \$50,000,000, is to wed Miss Mary Benjamin, the daughter of one of New York's most prominent patent attorneys and a granddaughter of Park Benjamin, the famous American poet. Harry Rogers has barely attained his majority, while the young woman who is to be his bride is a year or so older. Some years ago Miss Benjamin's mother died. Since then she has been under the chaperonage of Harry Rogers's sister.

Fight to Save Fortune.

Denver, Oct. 13.—Mrs. Horace A. W. Tabor, widow of the late United States senator, is making a fight to save the Matchless gold mine, all that remains of the fortune of the famous financier and statesman. Mrs. Tabor is now living in a humble home in an obscure quarter of the city. The Matchless mine has just been sold by auction for an unpaid mortgage of \$13,000, and she is given six months in which to raise the sum necessary to save the property. If she fails she will lose the last shred of the millions—once possessed by her late husband.

Long Fast of a Dog.

Galveston, Texas, Oct. 13.—For the first time since the hurricane, electric lights were burning in the inhabited portion of the Galveston last night. Eighteen bodies were taken from the ruins yesterday. Workmen engaged in removing debris from Sixteenth street and Avenue M, extricated a poodle dog more dead than alive. The dog had been confined in the place thirty-four days without food or water, and was a mass of skin and bones. It will probably live.

Sayers Requisition Not Honored.
Albany, Oct. 13.—Lieut. Gov. Woodruff has been served with the papers in the matter of the requisition for directors and officers of the Standard Oil company, made by Gov. Sayers of Texas, and has declined to honor them, basing his declination upon a decision of former Governor Flower that unless evidence was presented that the persons named had been in the state of Texas and there committed a crime it could not be honored.

Family Lives on Horse-Flesh.
St. Louis, Mo., Oct. 13.—James Short, his wife and three little children were found starving on the outskirts of town yesterday. It is said that flesh of a horse that died had been eaten by the family. Mrs. Short intimated that she is the disowned daughter of wealthy Detroit people. A letter she wrote threatening to kill her children and herself caused the police to find the family.

Wreck Stops Trains.
New York, Oct. 13.—One of the worst freight wrecks in the history of the Central Railroad of New Jersey occurred near the East Bound Brook tower. The railroad tracks were torn up for hundreds of feet. All travel was held up except that which could be sent around the wreck by way of the Lehigh Valley's tracks.

Street Car Men Resume Work.
Terre Haute, Ind., Oct. 13.—A board of arbitration in the street car strike was organized this morning and at noon the men returned to work pending a final decision by the board, but this afternoon the men were ready to go out again because Manager Kiddie discharged a number of men who reported for work under the understanding that all were to be taken back.

Joan D'Arc's Relative Married.
Paris, Oct. 13.—The great Parisian event of the season has been the marriage of the last descendant of Joan D'Arc's brother, the Vicomte de Malestrie, and Mlle. de Mailly, who is descended from one of the nobles who saved Hugh Capet upon the French throne nearly ten centuries ago. The bridegroom, twenty-eight years of age, is a lieutenant in the First Chirassiers.

Kaiser Lays a Corner Stone.
Berlin, Oct. 13.—The Kaiser took part in the celebration attendant on the laying of the foundation stone of a museum of Germano-Roman antiquities, on the site of the old Roman camp near Hamburg. He made a reference to his father, the former Emperor Frederick.

Missions' 13 Their Time.
Kansas City, Mo., Oct. 13.—Several hundred additional delegates and visitors to the annual conventions of the three allied missionary societies of the Christian church have arrived. The work of the Christian women's board of missions was taken up. The session opened with a Bible study, conducted by Burris A. Jenkins of New York, and was followed by the annual address of the president, Mrs. O. A. Burgess of Indianapolis, who spoke encouragingly of the work during the past year in mission fields in the United States, Jamaica, India, Mexico and Porto Rico, and made many suggestions for the coming twelve months.

St. Louis Flyer Is Wrecked.
Plattsburgh, Neb., Oct. 13.—By the collision of two Burlington trains at this place F. Roberts, engineer of the St. Louis flyer, due here at 11:15 a. m., was instantly killed; Jerry Konrad, the Adams Express messenger, and the fireman of the same train were seriously injured. All three lived in St. Joseph, Mo. Others were slightly injured. The wreck was caused by the St. Louis flyer running into an open switch upon which the Schuyler local had pulled to get out of the way. A careless brakeman failed to close the switch and a head-end collision resulted, demolishing both engines and several cars.

Huntington Will in Court.
New York, Oct. 13.—Probate Clerk Washburn of the surrogate's office examined the subscribing witnesses to the will of the late Collis P. Huntington. The witnesses are Maxwell Evans, George E. Downs and Andrew A. Vandeventer. Each of the witnesses swore that the will filed for probate had been signed by the testator in his presence, and that the testator was to all appearances in good health and condition of mind.

Prepare Welcome for Kruger.
Brussels, Oct. 13.—A committee has been appointed to arrange for the reception of Mr. Kruger. It has asked all the clubs in the city to co-operate in preparing an enthusiastic welcome for the ex-president of the Transvaal.

Farmers Lose \$9,000 by Flood.
La Crosse, Wis., Oct. 13.—Farmers have suffered the greatest damage from the high water in this vicinity, having lost over 1,000 tons of hay, valued at nearly \$9,000.

Florence, Ala., Oct. 13.—Max A. Baum, of Meridian, Miss., formerly superintendent of the Florence Gas Company, killed himself with a pistol. He left a note, stating that he had intended going to the cemetery to kill himself, but that it was raining hard and his nerves had failed him.

Maj. Elias Cosper Dead.
Rockford, Ill., Oct. 13.—Maj. Elias Cosper, paymaster of the old Seventy-fourth Illinois volunteers, died suddenly this morning at the age of 76. He was for many years manager of the John P. Maury Reaper company.

Nervous Prostration.

A Noted Boston Woman Describes its Symptoms and Terrors.—Two Severe Cases Cured by Lydia E. Pinkham's Vegetable Compound.

"I am so nervous! no one ever suffered as I do! There isn't a well inch in my body. I honestly believe my lungs are diseased, my chest pains me so, but I have no cough. I am so weak at my stomach, and have indigestion terribly, and palpitation of the heart; am losing flesh; and this headache and backache nearly kills me, and yesterday I had hysterics."

"There is a weight in the lower part of my bowels, bearing down all the time, with pains in my groins and thighs—I can't sleep, walk, or sit, and blue—oh goodness! I am simply the most miserable of women."

This is a most vivid description of a woman suffering with nervous prostration, caused by inflammation or some other diseased condition of the womb.

No woman should allow herself to reach such a perfection of misery when there is no need of it. Read about Miss Williamson's case and how she was cured.

Two Bad Cases of Nervous Prostration Cured.

"DEAR MRS. PINKHAM;—I was suffering such tortures from nervous prostration that life was a burden. I could not sleep at all, and was too weak to walk across the floor. My heart was affected so that often I could not lie down at all without almost suffocating. I took Lydia E. Pinkham's Vegetable Compound and it worked like magic. I feel that your medicine has been of inestimable benefit to me."

MISS ADELE WILLIAMSON, 196 N. Boulevard, Atlanta, Ga.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find and that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

WINE OF CARDUI

Woman Knows Woman.

ZENITH, Kan., Jan. 31. I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it. MRS. V. M. BOISVERT.

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.
